fall decor

pumpkin flower arrangement

This seasonal display is delightful on its own or combined with votive candles and additional pumpkins.

You'll need:

- Dried lavender stems
- Fresh flowers (such as miniature roses and strawflowers) in seasonal hues
- Small pumpkin
- Block of floral foam
- Dried or artificial berry clusters
- Knife
- Scissors
- Not shown:* Fork, plastic wrap, water

1 Use a knife to slice approximately two or three inches off of the top of a small pumpkin.

2 Use a fork to scoop out the pumpkin flesh and seeds.

3 Line the pumpkin with plastic wrap and use scissors to trim away the excess plastic wrap around the opening.

4 After thoroughly soaking a block of floral foam with water, place the foam block in the pumpkin.

5 Use scissors to cut the fresh flower stems at an angle, trimming them to a length that's slightly longer than the height of the pumpkin.

6 Insert the flowers into the floral foam.

7 Use the dried or artificial berry clusters to fill in the spaces between the flowers.

8 Trim the dried lavender stems and use them as accents between the fresh flowers and the berries.

9 Enjoy the colors of the season!
